

A TOUCH OF CLASS

CLEANING SERVICES, INC. 978-948-3740

CARPET & UPHOLSTERY • PRESSURE WASHING • WATER RESTORATION • SANITIZATION & DISINFECTING

Our Trusted Service

We are prepared during this unprecedented time to clean and disinfect your home or business according to the protocols set forth by the CDC. With 30 years of experience we will go beyond the work that regular janitorial staff perform on a daily basis. Our services involve cleaning and disinfection of porous and non-porous surfaces as well as equipment, tools, fixtures, and furniture.

Creating a Safer Environment for Everyone

We use powerful tools like electrostatic sprayers to decontaminate surfaces more efficiently and effectively, as well as using CDC and EPA recommended products and solutions. To avoid cross-contamination, we wear protective gear and follow a specific cleaning process to help you create a safer environment for your family, customers and employees.

4 STEP PROTOCOL & PROCEDURE

1 RISK ASSESSMENT & ANALYSIS

We analyse and assess the area(s) to be cleaned and/or disinfected to determine which products, treatments and processes would be most effective.

2 CLEAN AND/OR DISINFECT

We apply the appropriate products and treatments and conduct a full cleaning and/or disinfecting of the area(s)

3 POST-TEST UPON COMPLETION

We re-evaluate the effectiveness of our cleaning and disinfection to ensure satisfactory results.

4 IMPLEMENT SCHEDULED CLEANINGS

We provide a practical cleaning schedule to maintain a healthy environment.
